# COLISEO

III

En 2018, el Coliseo fue la atracción turística más popular del mundo, con 7,4 millones de visitantes.

## DESDE LA ANTIGÜEDAD HASTA EL DÍA DE HOY

Durante casi 2000 años, el Coliseo ha destacado como símbolo de la antigua Roma y ha sobrevivido a incendios, terremotos y la pérdida de sus bloques de piedra en favor de otros edificios de la ciudad. Hoy es uno de los destinos turísticos más visitados del mundo; sus visitantes deambulan por los pasajes subterráneos del hipogeo u observan la arena parcialmente reconstruida desde los niveles superiores.

Como la importante atracción turística que es hoy en día, la planta superior del muro exterior del Coliseo alberga un museo dedicado al dios Eros.

## ¡FELICIDADES!

¡Estás cerca del final! Ya casi completas el set LEGO® más grande creado hasta la fecha. Esperamos que te hayas divertido con este desafío de construcción y que ahora aprecies mucho más los logros de los constructores romanos originales. Esperamos que la construcción de esta versión LEGO te anime también a aprender más cosas sobre el Coliseo original: ¡una de las estructuras más majestuosas del mundo!
