# HALA MADRID!

Real Madrid Club de Fútbol ist einer der bekanntesten Namen im Weltfußball und wurde von der FIFA zum „erfolgreichsten und besten Fußballklub des 20. Jahrhunderts“ gekürt, mit dem 600 Millionen Fans in aller Welt mitfiebern. Real Madrid wurde 1902 gegründet und hat seinen Sitz im Zentrum der spanischen Hauptstadt. Bis heute befindet sich der Verein im Besitz seiner 90.000 Socios (Mitglieder), die den Klub auch führen.

Das 81.044 Zuschauer fassende Vereinsstadion Santiago Bernabéu war die Kulisse zahlreicher legendärer Siege der Los Blancos (Der Weißen) sowie einiger UEFA- und FIFA-Endspiele. Das 120-jährige Klubjubiläum ist jetzt der perfekte Anlass, diesen berühmten Fußballtempel mit einer LEGO® Version zu würdigen. Viel Spaß beim Bauen.

## Das Bauen einer Legende

Als Santiago Bernabéu 1943 zum Klubpräsidenten gewählt wurde, träumte er davon, ein hochmodernes Stadion für 100.000 Fans zu bauen. Kritische Stimmen bezeichneten das Projekt als überambitioniert und „pharaonisch“, aber Bernabéu blieb standhaft. Schließlich wurde das neue Estadio de Chamartín nach dreijähriger Bauzeit im Dezember 1947 feierlich eröffnet. Das Stadion war eine der modernsten Sportarenen der Welt und sollte Schauplatz einiger der glanzvollsten Episoden in der Geschichte von Real Madrid werden. 1955 beschloss der Klub, den Weitblick von Santiago Bernabéu zu würdigen und das Stadion ihm zu Ehren umzubenennen.

Broschüren, die den Mitgliedern und dem Vorstand zugestellt wurden

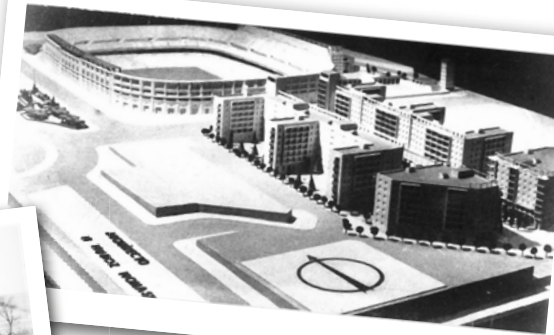

“*Madrid,  
Madrid,  
Madrid.  
HALA MADRID!  
Und nichts mehr,  
Und nichts mehr,  
HALA MADRID!*“

*Anfeuerungsruf der Fans von Real Madrid*

# Eine Erfolgsgeschichte

Modell des Nuevo Estadio Chamartín

Der Klub wird in Real Madrid umbenannt, nachdem König Alfonso XIII. dem Verein das Recht gewährt, das Attribut „Real“ (Königlich) im Namen zu tragen.

Offiziell trug das Stadion den Namen „Campo del Real Madrid Fútbol Club“, doch die Fans nannten es „Chamartín“.

## Anmerkungen des Designteams

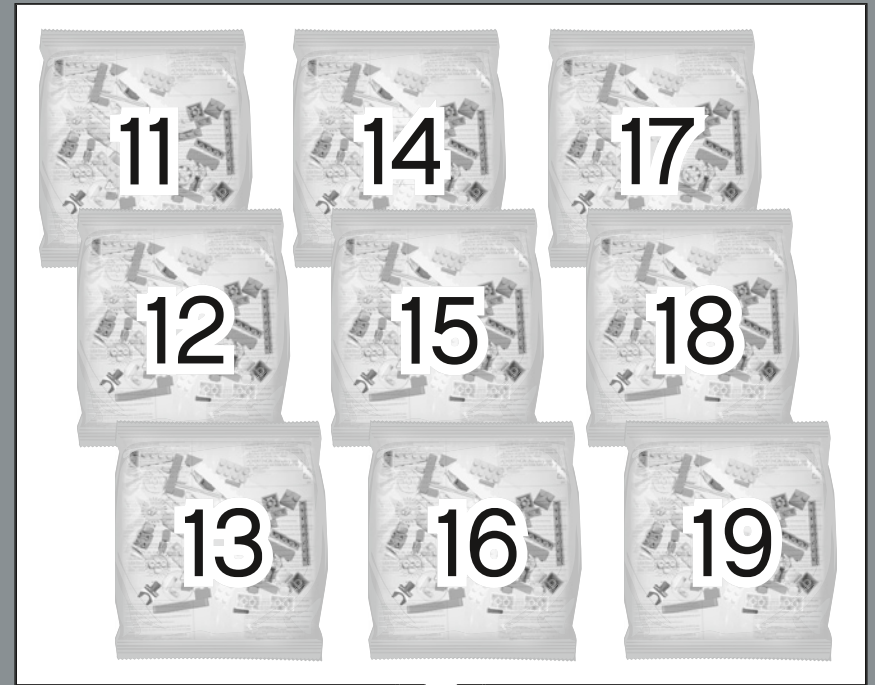

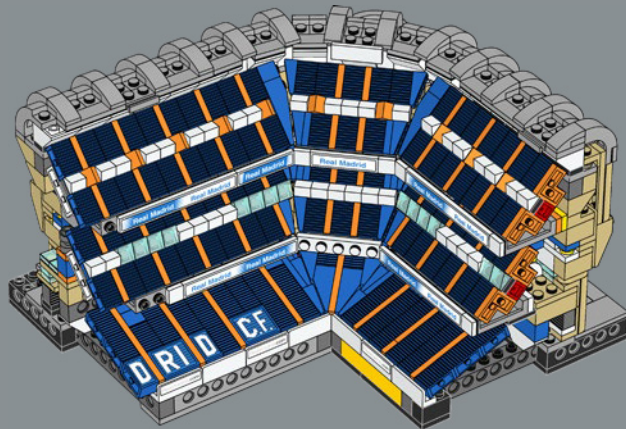

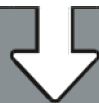

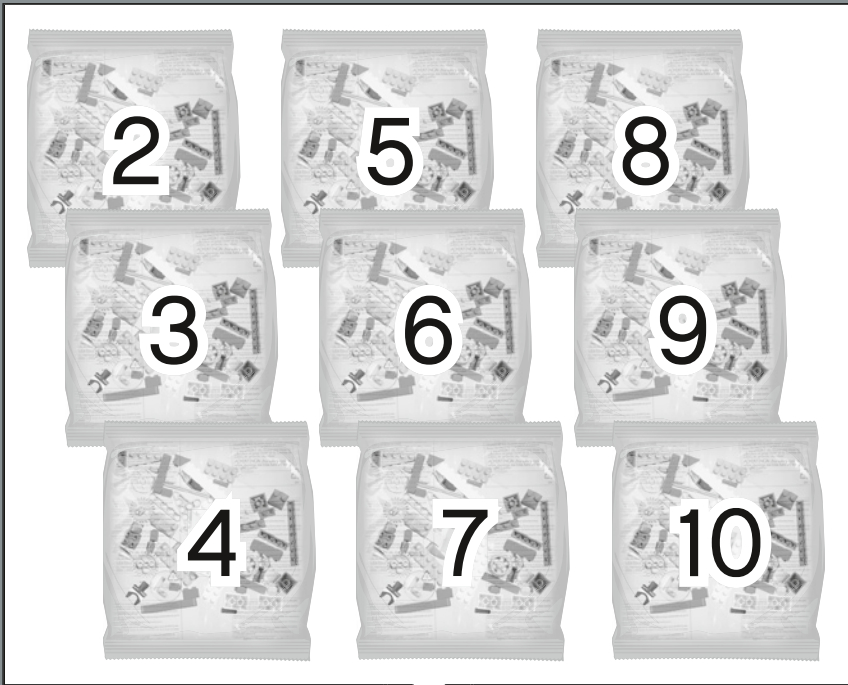

*Die Geschichte des Estadio Santiago Bernabéu war einer der faszinierendsten Aspekte bei diesem Modell. In dem Stadion verbergen sich viele unsichtbare Artefakte aus vergangenen Zeiten. Beim Bauen der ersten Sitzreihe begibt man sich auf eine Zeitreise in das Stadion der 1940er-Jahre. Die Galerie ist ein Überbleibsel aus den 1950er-Jahren, und das Dach erinnert an die frühen 1980er-Jahre, als die Fußballweltmeisterschaft in dieser Arena ausgetragen wurde. Das ganze Bauwerk strotzt vor Erinnerungen der Fans, die seit 75 Jahren auf diesem Gelände mitgefiebert, euphorisch gefeiert und auch so manche Träne vergossen haben.*
