Tantissimo tempo fa

C'era una volta un grande castello. Con valorosi cavalieri, cavalli, re, regine e tornei. E tante avventure ogni giorno.

Così recitava la descrizione del catalogo dei prodotti LEGO® dell'ormai iconico

set del Castello 375 quando fu lanciato nel lontano 1978. Spesso indicato oggi come il "Giallo" o "Castello Originale", fu l'inizio di un'avventura medievale molto amata che sarebbe proseguita ininterrotta fino al 1999. Nell'ambito

delle celebrazioni per il 90° anniversario LEGO, abbiamo scelto di rendere omaggio a questo tema popolare con un nuovo prodotto, il Castello dei Cavalieri del Leone, ispirato al classico set 6080 del Castello del Re del 1984.

1978

375 Castello

Il castello originale che ha dato vita a ogni cosa! Le impattanti pareti gialle di questo castello erano incernierate per dare la possibilità di creare molteplici configurazioni e di accedere all'interno per giocare facilmente. Mentre le pareti gialle furono rapidamente messe da parte per un grigio più realistico, il design delle pareti incernierate è ancora visibile nei castelli LEGO di oggi.

Alcune delle caratteristiche un po' strane in questo modello erano i cavalli in mattoncini e il classico casco spaziale con una nuova visiera, usata come elmo dei cavalieri.

1986

6074 Black Falcon's Fortress (Fortezza del Falco Nero)

1987

6066 Camouflaged Outpost (Avamposto mimetizzato)

Il nascondiglio segreto originale degli uomini della foresta! Un'antica quercia affonda le sue radici attorno a un gigantesco macigno, ma la struttura nasconde molto più di quanto non sembri! Una segreta porta rocciosa girevole dà accesso alla caverna degli uomini della foresta e la parte posteriore incernierata si apre per rivelare lo spazio di gioco all'interno. Questo set includeva un totale di 6 uomini della foresta, incluso il loro enigmatico leader.

1992

6086 Black Knight's Castle (Castello del Cavaliere Nero)

Il castello classico per eccellenza! Questa imponente fortezza è costruita su una base rialzata, con spazio per una prigione sotterranea sotto il cortile. Il castello portava avanti la tradizione di caratteristiche quali il ponte levatoio e la saracinesca funzionanti e includeva un cancello segreto sul retro per fughe rapide o avventure notturne. Il Castello del Cavaliere Nero conteneva 4 cavalieri dotati di armatura a cavallo, 6 soldati, un bandito del Branco di Lupi e persino un fantasma!

(Villaggio medievale)

Il set del Villaggio medievale è uno dei pochi modelli a mostrarci la vita oltre le mura del castello. Contiene due edifici a graticcio meravigliosamente dettagliati, una ruota idraulica per azionare il martello della fucina, soldati, stalle, un carro trainato da cavalli e persino un paio di mucche!

Un nuovo castello classico

È sempre una sfida reinventare un famoso tema LEGO®, ma il nostro nuovo Castello dei Cavalieri del Leone fonde costruzioni LEGO più complesse con lo spirito di set originali come il Castello del Re 6080, per creare un modello ricco di divertenti caratteristiche e funzioni.

Abbiamo iniziato posizionando la torre principale sopra una grande formazione rocciosa LEGO, in modo che il modello abbia un aspetto più alto. Ciò ci ha anche permesso di includere stanze nascoste e segrete buie sotto il castello stesso. Le pareti sono mobili e il modello può essere separato per consentire un migliore accesso al castello, rivelando le numerose botole, passaggi segreti e nascondigli nascosti.

2022

Questa nuova versione di un castello classico sfrutta le moderne tecniche di costruzione e include numerose caratteristiche che rendono omaggio ai vecchi set dei castelli originali.

Nel 2022, per celebrare i 90 anni del LEGO Group, abbiamo chiesto ai fan di votare i classici temi LEGO che desideravano fossero rivisitati con un set speciale per l'anniversario. Decine di migliaia di fan hanno preso parte al sondaggio e il Classic Castle è stato uno dei chiari vincitori!

LEGO YELLOW CASTLE, 1978

Il Design Team

Dato che il Castello originale era sempre stato uno dei loro temi preferiti da bambini, i designer LEGO® Mike Psiaki e Milan Madge sognavano da tempo di poter lavorare insieme a un grande set di Castello LEGO. Mike descrive l'evoluzione del modello:

Questo modello è nato da una votazione tenutasi nell'ambito delle celebrazioni per il 90° compleanno del LEGO Group nel 2022. Abbiamo deciso di provare a unire tutti i popolari set precedenti del castello in un nuovo modello di castello definitivo. Abbiamo fatto diversi round di esplorazione della forma e delle dimensioni complessive del castello. Abbiamo iniziato a costruire piccole sezioni delle mura, dei cancelli a graticcio e ponti levatoi, giocando con le diverse caratteristiche ed estetiche per cercare di capire cosa avrebbe funzionato bene. Quasi subito, Milan ha scoperto un tipo di ponte levatoio che utilizzava un contrappeso sul retro del ponte invece delle tradizionali catene collegate alla parte anteriore del ponte. Abbiamo deciso subito che avremmo dovuto inserirlo da qualche parte nel castello, ma è stato solo molto tardi nello sviluppo che è diventato il cancello principale.

Il LEGO Graphic Designer Ashwin Visser ha quindi svolto un ruolo centrale nell'implementazione dei tanti piccoli ma importanti tocchi che rendono il set completo. Questi aspetti hanno incluso la rielaborazione del design grafico dei Cavalieri del Leone, la creazione di nuove bandiere e scudi per le mura e le merlature del castello e l'introduzione della bardatura (l'abbigliamento del cavallo) sia in blu sia in rosso per i due cavalli. Il tocco finale è stato il mantello e lo scudo completamente nuovi per la Signora del Castello.

Scopri le differenze

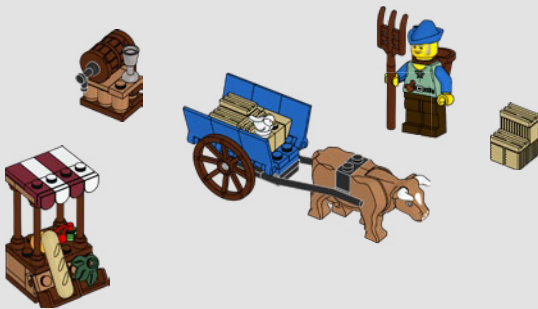

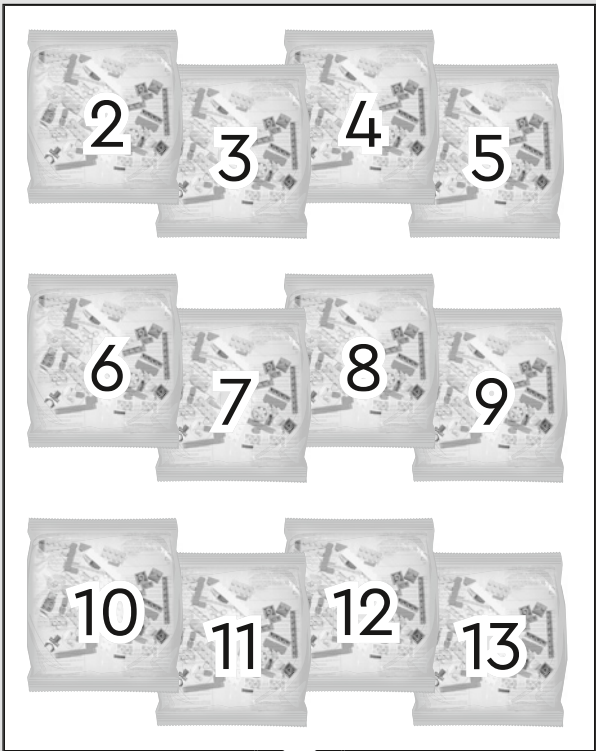

Fu deciso che il classico set dei Cavalieri del Leone LEGO necessitava di un piccolo aggiornamento in termini di design, per abbinarlo alle nuove edizioni dei Cavalieri Black Falcon apparsi nel set Fabbro medievale 21325. La progettazione del nuovo logo dello scudo del Cavaliere del Leone è stata particolarmente impegnativa: abbiamo cercato di ricreare un logo così famoso, che i fan conoscono e amano da sempre, in qualcosa di nuovo, ma comunque riconoscibile.
