# BREAKING THE FRAMES OF THE LEGO ART CANVAS

○ The "Lips and Tongue" logo is perhaps the most iconic band logo in the world. The original design is so aesthetically perfect and captures the essence of The Rolling Stones' legacy; a desire for, and celebration of, creative rebellion that spans generations and cultures. This is the first time the logo has been officially created in an artwork like this in LEGO brick form, and I hope music lovers of all ages will love to explore every facet of it.

● Le logo de « lèvres et langue » est sans doute le logo de groupe le plus emblématique. Le concept original est esthétiquement parfait et saisit l'essence de l'héritage des Rolling Stones : un désir et une célébration de la rébellion créative qui traverse les générations et les cultures. C'est la première fois que le logo est officiellement créé dans une œuvre comme celle-ci en briques LEGO, et j'espère que les mélomanes de tous âges aimeront en explorer toutes les facettes.

● El logotipo de "los labios y la lengua" puede ser el emblema de banda más popular del mundo. El diseño original es estéticamente perfecto y plasma la esencia del legado de The Rolling Stones; un deseo de rebelión creativa y un tributo a las ideas relacionadas que trasciende generaciones y culturas. Es la primera vez que el logotipo se representa oficialmente mediante una obra de arte como esta, creada con bricks LEGO, y espero que todos los amantes de la música, independientemente de su edad, disfruten explorando sus facetas.

# SORTIR DU CADRE DE LA TOILE LEGO ART

# ROMPEMOS LOS LÍMITES DEL LIENZO LEGO ART

○ It's only a fitting tribute to The Rolling Stones, who transcend barriers in everything they do, that we break the frames of our standard LEGO Art canvas in this set. Triangular, square and rectangular elements make up the logo's organic curves and capture its raw, edgy energy. The model is intuitive and engaging to build, and the colorful built-in layers serve both as technical solutions and foundation for the relief artwork, fun surprises and our hat tip to this colorful band.

● C'est un hommage approprié aux Rolling Stones, qui transcendent les barrières dans tout ce qu'ils font, de sortir du cadre de notre toile LEGO Art standard pour cet ensemble. Des éléments triangulaires, carrés et rectangulaires forment les courbes organiques du logo et saisissent son caractère cru et son énergie. Le modèle est intuitif et engageant à construire, et les couches colorées intégrées servent à la fois de solutions techniques et de base pour les reliefs, en plus de rendre hommage à ce groupe haut en couleur.

● Es un justo reconocimiento a The Rolling Stones, que superan todas las barreras con cada cosa que hacen, que rompamos los límites del lienzo LEGO Art estándar en este set. Usamos elementos triangulares, cuadrados y rectangulares para conformar las curvas orgánicas del logotipo y captar su intensa e incisiva energía. El modelo es intuitivo de construir y resulta cautivador. Las vistosas capas que integra cumplen una función técnica, pero también sientan las bases del trabajo de relieve, las divertidas sorpresas y el respeto por la peculiar banda que queríamos incluir en la creación.

## L'HISTOIRE DERRIÈRE LE CÉLÈBRE LOGO DE « LÈVRES ET LANGUE »

● Le concept original du logo de « lèvres et langue » a été créé par un jeune étudiant en art, John Pasche, en 1970. Inspiré par la musique et la culture indiennes, le groupe présente à Pasche une image de la déesse hindoue Kali (généralement représentée avec la langue tirée) comme référence. Pasche opte pour une interprétation moderne, élégante, stylisée et audacieuse. L'image saisissante devient instantanément synonyme du groupe et de sa maison de disques, Rolling Stones Records, après être apparue sur la couverture et la pochette de l'album *Sticky Fingers* en 1971. Le logo marque une nouvelle ère pour la musique, la culture, la mode et l'art, et les amateurs l'adoptent rapidement comme symbole de l'esprit contestataire, de la créativité sans compromis et de l'expression libre de soi.

Depuis sa création, le logo figure sur tous les albums des Rolling Stones. Au fil des ans, différents artistes ont créé des versions uniques pour des éditions et des occasions spéciales. Son esthétisme intemporel séduit toujours les amateurs et fait partie intégrante des supports graphiques, de la scénographie et des produits dérivés du groupe.

## THE STORY BEHIND THE FAMOUS "LIPS AND TONGUE" LOGO

● The original "Lips and Tongue" design was created by a young art student, John Pasche, in 1970. Inspired by Indian music and culture, the band presented Pasche with an image of the Hindu goddess Kali (usually portrayed with her tongue sticking out) as a style reference. Pasche opted for a modern interpretation that was sleek, stylish and fittingly defiant. The striking image became instantly synonymous with the band and their recording label, Rolling Stones Records, after it appeared on the *Sticky Fingers* album cover and sleeve in 1971. It epitomized a new era in music, culture, fashion and art and fans immediately embraced the logo as a symbol of anti-establishment, unapologetic creativity and free-spirited self-expression.

The logo has been on every Rolling Stones album since. Over the years, various artists have created unique iterations for special releases and occasions. Its timeless aesthetic still appeals to fans of all ages and is an integrated part of the band's graphic materials, scenography and merchandise.

## LA HISTORIA DEL FAMOSO LOGOTIPO DE "LOS LABIOS Y LA LENGUA"

● El diseño original de "los labios y la lengua" fue creado por John Pasche, un joven estudiante de arte, en 1970. Inspirándose en la música y la cultura de la India, el grupo le presentó a Pasche una imagen de la diosa hindú Kali (normalmente representada con la lengua fuera) como referencia de estilo. Pasche optó por una interpretación más moderna, elegante y apropiadamente desafiante. La llamativa imagen se convirtió de inmediato en sinónimo de la banda y su sello discográfico, Rolling Stones Records, luego de aparecer en la portada y la funda del álbum *Sticky fingers* en 1971. El logotipo representaba los elementos fundamentales de una nueva era para la música, la cultura, la moda y el arte, y los fans lo aceptaron desde el principio como un símbolo de la lucha contra el sistema, la creatividad sin complejos y la autoexpresión de espíritu libre.

La ilustración ha formado parte de todos los álbumes de The Rolling Stones desde entonces. A lo largo de los años, numerosos artistas han creado diferentes versiones con motivo de lanzamientos y ocasiones especiales. Su estética intemporal sigue seduciendo a fans de todas las edades y formando parte de los materiales gráficos, la escenografía y los productos promocionales de la banda.

## ROLLING MILESTONES

● Formed in 1962, The Rolling Stones first knocked the socks off the world of music, and the world in general, with *(I Can't Get No) Satisfaction* in 1965. It's hard to overstate the influence the band has had on music history and culture over the span of six decades (and counting), from defining the early roots of Rock & Roll to dominating world stages and playlists in the age of digital music. With dozens of albums and thousands of breathtaking and charismatic performances, they remain one of the best-selling groups of all time.

The members of The Rolling Stones, as well as their famous logo, have long been brands in their own rights and synonymous with the original British Rock & Roll lifestyle, always challenging the status quo, and inspiring generations to express their creativity in their own ways. Influenced by different genres and world music, they have incorporated blues, punk, R&B, jazz, country, psychedelic music, disco, ballads and much more into their music, always with authenticity and curiosity. With equal parts reckless abandon and profound respect for all genres, they continually surprise their audiences and make room for each other's creative twists and playful experiments.

## MOMENTS MARQUANTS

● Formé en 1962, le groupe The Rolling Stones frappe le monde de la musique, et le monde en général, avec *(I Can't Get No) Satisfaction* en 1965. La contribution du groupe à l'histoire et à la culture musicales au fil de six décennies (à ce jour) est phénoménale, de la fondation des premières racines du rock à la domination des scènes mondiales et des listes de lecture à l'ère du numérique. Avec des dizaines d'albums et des milliers de concerts époustouffants, il demeure l'un des groupes les plus populaires de tous les temps.

Les membres des Rolling Stones, ainsi que leur célèbre logo, sont depuis longtemps des marques à part entière et des synonymes du style de vie rock'n'roll britannique original, qui contestent toujours le statu quo et inspirent des générations à exprimer leur créativité à leur façon. Influencés par différents genres et musiques du monde, ils ont incorporé entre autres le blues, le punk, le R&B, le jazz, le country, la musique psychédélique, le disco et les ballades dans leur musique, toujours avec authenticité et curiosité. Avec autant d'abandon désinvolte que de respect profond pour tous les genres musicaux, ils ne cessent de surprendre leur public et laissent place à la créativité et aux expériences ludiques de chacun.

## MOMENTOS DESTACADOS

● Formada en 1962, The Rolling Stones tomó por sorpresa al sector musical, y al mundo en general, con *(I Can't Get No) Satisfaction* en 1965. Es difícil sobrevalorar la influencia que la banda ha tenido en la historia y la cultura de la música a lo largo de seis décadas (y sumando), desde que definiera las raíces primigenias del rocanrol hasta llegar a dominar los escenarios y las listas de reproducción de todo el mundo en la era de la música digital. Con docenas de álbumes y miles de impresionantes y carismáticas actuaciones, el grupo sigue siendo uno de los más vendidos de todos los tiempos.

Los miembros de The Rolling Stones, al igual que su famoso logotipo, han sido durante mucho tiempo marcas por derecho propio y sinónimos del estilo de vida original del rocanrol británico, desafiando constantemente lo establecido y animando a generaciones a expresar su creatividad según sus propios criterios. Influidos por diferentes géneros y músicas del mundo, han hecho suyos el blues, el punk, el R&B, el jazz, el country, la música psicodélica, la música disco, la balada y otros muchos estilos, siempre con autenticidad y curiosidad. Con un temerario abandono y un profundo respeto por todos los géneros a partes iguales, no dejan de sorprender a su público ofreciendo espacio a los creativos giros e inusuales experimentos que propone cada uno.
